

New Source Review newspaper advertisements for construction permit applications, December 25, 2003. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: December 23, December 24, or December 25, 2003. Public notices are generally published every two weeks. The previous publication of public notices was December 9 – 11, 2003.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is The University of Tennessee Space Institute with a mailing address of 411 B. H. Goethert Parkway, Tullahoma, TN 37388. They seek to obtain an air contaminant permit (Division identification number: 26-0068-13/56920) for construction of a Turbojet Engine at the same address. This proposed operation would consist of a General Electric Model J85-GE-5 turbojet engine. Jet fuel or kerosene would be used for fuel. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. G. Latif is the assigned Division person.

For the Franklin County "Herald-Chronicle"--published once on or before Thursday, December 25, 2003.

---

The applicant is Ronald E. Whitford, DVM with a mailing address of 120 Kraft Street, Clarksville, TN 37040. They seek to obtain an air contaminant permit (Division identification number: 63-0176-01/56890) to construct an Incinerator at the same address. This proposed operation would consist of an animal crematory used to cremate small animals. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Simmons is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--published once on or before Thursday, December 25, 2003.

---

The applicant is Loven, Inc. with a mailing address of P.O. Box 534, Greeneville, TN 37744. They seek to obtain an air contaminant permit (Division identification number: 82-0174-01/56885) for a Concrete Batch Plant located at 1543 South Wilcox Drive, Johnson City, TN 37760. This existing operation consists of cement storage silos, sand and gravel piles, and associated equipment used to produce concrete which is discharged into trucks for

transit mixing. Silo filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. K. McLain is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--published once on or before Thursday, December 25, 2003.
